

## Continuing Professional Education For Coding and Auditing Specialists

At CCI, we believe ongoing education is the foundation for excellence. Accordingly, we are constantly broadening our knowledge and enhancing our expertise, and we want to share our knowledge with you!

### Our Philosophy

It is our belief that achieving excellence in performance requires commitment to a continuously expanding knowledge base, and the desire to effectively apply and communicate the knowledge acquired in a constructive manner.

### Our Programs

We develop the entire CCI educational curriculum ourselves. Our educational programs are built with your needs in mind. It is focused on achieving several objectives, including;

- Focused on high risk and high value issues
- Clear and concise
- Immediate application for your job
- Approved for CEU's by AAPC

### Our Professionals

Our team members developing the curriculum are certified professional coders, and each individual has over 15 years of health care experience as internal and external coding / auditing professionals. Our team members regularly facilitate education for providers and coding professionals and work in a wide array of health care organizations (i.e. teaching hospitals, physician clinics, rural health clinics, etc.).
